Dear colleague,

The fact that the World Congress on Endometriosis this year takes place in Maastricht, bringing together all the experts in the field of endometriosis, is the opportunity we would like to grasp to organize a workshop on ***“Imaging and Diagnosis in Endometriosis”*** in Leuven.

Different experts will discuss with you their experience with different imaging techniques and the diagnosis of endometriosis.

It is our pleasure to invite you all to attend this meeting and we hope to meet you in Leuven.

Sincerely yours,

S. Gordts, MD

I. Brosens, MD, PhD
